

CAREER OBJECTIVE

Motivated and detail-oriented Industrial and Production Engineering student at IUT seeking opportunities to apply analytical, problem-solving and technical skills to improve processes, enhance productivity and contribute to efficient and sustainable industrial operations.

TECHNICAL SKILLS

ENGINEERING TOOLS

- Microsoft Excel (Advanced)
- AutoCAD (Basic)
- SolidWorks (Basic 3D Modelling)

PROGRAMMING & DATA SKILLS

- Python (Basic)
- MATLAB (Basic)
- Data Analysis Fundamentals

INDUSTRIAL ENGINEERING KNOWLEDGE

- Production Planning & Control
- Quality Control Fundamentals
- Lean Manufacturing Concepts
- Time Study & Work Measurement
- Operations Research Basics

SOFT SKILLS

- Problem Solving
- Team Collaboration
- Leadership
- Communication Skills
- Time Management
- Adaptability

EDUCATION

ISLAMIC UNIVERSITY OF TECHNOLOGY (IUT- OIC)

Bachelor of Science in Industrial and Production Engineering (IPE)

Ongoing — *UIT-26 – Present*

HSC

BAF Shaheen College Dhaka

GPA: 5.00 (out of 5.00) — 2025

SSC

Shahzadpur Government Model Pilot High School

GPA: 5.00 (out of 5.00) — 2023

ACADEMIC PROJECTS

Process Improvement Study

- Analyzed workflow of a selected process and identified bottlenecks.
- Applied time study and process analysis to suggest productivity improvement opportunities.
- Prepared data analysis and visualized results for better decision making.

Engineering Design Project

- Designed and modeled mechanical components using SolidWorks.
- Prepared technical drawings and documentation.
- Developed presentation and submitted project report.

ACHIEVEMENTS & ACTIVITIES

- Active participation in academic projects and industrial engineering workshops.
- Interested in process optimization, automation and data-driven decision making.
- Continuously learning new tools and technologies to enhance skills.

LANGUAGES

- **Bengali** – Native
- **English** – Professional Working Proficiency
